CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Yule Baskets Given Needy By Local Union Men

Lake Local Lodge No. 57 of the International Association of Machinists and Aerospace Workers started their first Christmas basket program of aid to needy families this Christmas.

Sponsored by the Lodge, the employees of the United States Sugar Corporation donated money and with the cooperation of the Welfare Department and Thriftway of Pahokee, they gave baskets to 15 needy families in the Canal Point, Pahokee and Belle Glade area. Each basket included a turkey with all the trimmings, fruit and other items.

"The Christmas program got a late start this year," said Billy Thigpen, spokesman for the union. "We are starting now to plan for a much bigger distribution of baskets to needy families next year," he said.

"Christmas is a happy season for all of us," Thigpen said, "but we discovered this year that to some it is not such a happy time as to others. There are many families in the area who were desperately in need when Christmas came this year. We are glad we could help a few of them, and now that we know so much more about the great need, we plan next year to make an effort to bring Christmas cheer to many more families than we did this year."

Beans Highest Of Season On Monday At \$6.75

Tender snap beans reached their highest price of the present season on Monday of this week when they skyrocketed to \$6.75 per bushel hamper. The high priced sales were made at the Lake Okechobee Farmers Cooperative in Canal Point. On Tuesday, however, beans out of the same field dropped two dollars, down to \$4.75 per hamper.

The demand is good this week for celery and the price is satisfactory with the offerings going from \$2.50 to \$3.00, all depending on the size and grade.

Cucumbers were in fair demand but the market is weaker this week and the offerings were being sold for \$3.00 to \$3.25 per bushel basket.

The market was steady on pepper and the demand was good with the price holding at \$6.50 for extra fancy large size.

Radishes were selling for 85 cents per basket.

Mr. and Mrs. Lawrence Connell and family of Belle Glade were the Christmas dinner guests of her sister and family, Mr. and Mrs. H. E. Unwin.

M. Sgt. and Mrs. James Barnes and family of Warner Robbins, Georgia, were the Christmas holiday guests of their parents, Mr. and Mrs. Homer Barnes, and Mr. and Mrs. Bob Henderson.

Mr. and Mrs. Claude Shirley have as guests her brother and sister-in-law, Mr. and Mrs. Robert Burk, of Griffin, Georgia.

Elks Will Mark 25 Years Work

Pahokee Elks Lodge will mark its 25th anniversary on Saturday, January 15, 1966, with special ceremonies, including a barbecue to which members and friends will be invited. The lodge was instituted on January 16, 1941.

The Lodge has voted to put on a free Barbecue and all Lodges in the State of Florida have been invited to attend. Special invitations are being sent to surviving members of the Team who acted as Grand Lodge Officers at the Institution.

A very brief special Lodge meeting will be held before 8:00 p.m. and the balance of the festivities will be open to the Ladies and other non-Elks, who will be welcome.

Special recognition will be accorded to Charter Members and to 25-year members, that is those who were initiated after January 16th and prior to March 31, 1941.

CARD OF THANKS

I wish to thank everyone for their kindness and love shown to me with prayers, cards, letters and flowers and thanks to the churches for their prayers and also the kindnesses of the doctors and nurses.

May God richly bless each of you.

In Florida,
after golf
beer's the one...
for good taste,
good fun

After a hard-played 18 holes, it's good to settle down on a soft chair in the club house and add up the score with friends. What better time for the drink that scores with almost every golfer—cool, thirst-quenching beer? Yes, beer's great to relax with, great for refreshment, great for taste. So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.

Why should you buy
U. S. Savings Bonds when there are
so many other good investments?

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service

Jim Maynor Runs For Legislative Senate Seat

Jim Maynor of Lake Clarke Shores, West Palm Beach, who is Dean of Boys at Palm Beach High School and was a close contender for the House of Representatives in the last election, announced Monday that he is a candidate for the 49th seat in the State Senate in 1966. This is a two year seat created by the passage of a reapportionment act of the State Legislature in 1965.

Maynor says, "While I am not being drafted for the job, I have been reassured by many of the fine citizens of this county of their support and I have had numerous requests each week since the past election to run for public office. The overthrow of the rural or 'pork chop' bloc in the Legislature will mean much to Florida's most populous counties.

"This is important to us in Palm

Beach County, especially in the area of equalizing the tax burden during the next few years. Now for the first time the urban areas where a majority of the people live will have a real voice in the affairs of the State of Florida. I would like to be able to participate in this."

Maynor added that he feels that the Florida Legislature is top heavy with representatives from two or three professional categories and he feels that there is real need for representation from all segments of the population.

COCOA VISITORS

Minimize Cleaning Of Your Stove Oven

Vapor and grease deposits on your oven lining are much easier to remove if you clean them off frequently. But the best way to keep your oven clean is to prevent spatters.

For example, minimize spatters when roasting meat by using moderate temperatures. Miss Mary Todd, Palm Beach County Extension Home Economist, says you'll want to use moderate (300 to 350 degrees) temperatures anyway to retain the meat juices and nutrients.

If you use foil to catch spatters, Miss Todd advises you to place it on the rack below the pan. Foil on the oven floor might inhibit heat circulation. However, some manufacturers are now calibrating ovens to allow for specially made foil liners.

You don't need to pre-heat the broiler grid and pan when broiling meats or fish. In fact, your grid will be much easier to clean if it's cool when you place foods on it. Water placed in the pan below the grid will catch drips and prevent spattering, but it will also dilute the juices. After your food is broiled, remove the broiler pan from the hot oven and put it to soak to make dishwashing easier.

Acids in milk, lemons, tomatoes and other foods may harm the finish on your range. Wipe them up as soon as the range cools. You can easily remove cooked-on substances on range burner pans with an even cleaner. But most manufacturers recommend that you let the unit finish burn spilled food off instead of using a cleaning agent on them.

Even the best oven cleaner can't easily remove spills that have been neglected and allowed to bake on, fusing themselves to the oven lining. To keep oven maintenance at a minimum, keep an oven cleaner handy for spot treatment immediately after the oven cools.

Read the directions on the commercially prepared oven cleaners before you buy them. Buy the one designed for the type of oven liner you have. Because some cleaners are dangerous around heat and flames, either avoid using them with gas ranges or turn the pilot light off while you clean the stove. Also, Miss Todd warns that coarse abrasives will scratch the lining surface of your oven.

Some of the manufacturers' developments to simplify oven cleaning are pull-out ovens, pull-out panels on all sides, disposable foil liners, silicone sprays applied after cleaning, teflon linings and ovens that burn themselves clean.

Social Security Takes A Bigger Bite Next Year

Social Security will be taking a bigger bite from the nation's pay checks next year.

The current payment is 3.625 per cent of the first \$4,800 in pay. The new rate will be 3.85 per cent for old-age, survivors and disability insurance plus .35 per cent for the new health benefit plan. And it will cover the first \$6,600 of pay.

So everybody will pay more to Social Security and those who earn more than \$4,800 will pay longer. Maximum increase, for those who earn \$6,600 or more a year will be \$108 a year.

This isn't the end of the story. The rate goes up again in 1987. From a total of 4.20 per cent in 1986 to 4.40 per cent in 1987 and '88. And then to 4.50 per cent for 1989-92.

Under present laws the maximum tax will be 5.65 per cent in 1987. Increases are programmed in 1973, 1976 and 1980 as well as those listed.

"U.S. Savings Bonds have helped the American people to become a nation of savers"

Says Mr. M. MONROE KIMBREL, President, American Bankers Association.

"Savings Bonds have had an important part in preserving a way of life which rewards individual initiative.

"But in addition Savings Bonds have made it easy for tens of millions of Americans to save for the important things in their lives.

"These are the reasons why bankers everywhere are proud of their part in the Savings Bonds Program and why the American Bankers Association pledges its continued support."

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones
you own now are better than ever*

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half, then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{8}\%$ from now on, when $\frac{1}{2}\%$ to maturity. This increase takes effect in the last full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $1\frac{1}{8}\%$ increase makes it unnecessary, and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the full value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy H Bonds automatically through the Payroll Savings Plan, if you work for a firm that means you can have six months' pay automatically deducted every six months. The Bonds you buy by installment are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace and prosperity—power, the military strength and the economic stability served by individuals like you help our country sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Phone Bills Down Seven Per Cent On Next Billing

Good news from the phone company! When Glades folks receive their next bill there will be a reduction of seven percent shown in the total figures compared with the previous month. The facts and figures come from Charlie Leonard, local manager of the phone company. He has the following to say about the new bills:

"Your monthly tab for phone service will not be as much in the new year, thanks to the reduction in excise tax on this service. The reduction is the result of the excise revision law signed this past summer by President Johnson. This law reduces—and eventually will eliminate—the federal excise tax on all local and long distance telephone service.

"The first and biggest portion of the reduction—the cut from 10 to 3 percent—is the one effective January 1. An additional one percent will be removed each January thereafter until the tax is eliminated in 1969."

According to Mr. Leonard, the next telephone bills received in this area will reflect this reduction. You, the customer, will receive the total benefit of the reduction.

Lake Shore Names J. M. Herring Pres.

Lake Shore Growers Cooperative of Belle Glade announces the annual election of Directors and officers for 1965-66 fiscal year. The following directors were elected: James M. Herring, Otto Larsen, George Kohl, and S. N. Knight, Jr. They will serve with the holdover directors who are S. N. Knight, Sr., R. E. Watson and M. W. Wilder.

The directors met December 15 at which time officers were elected by the Board. James M. Herring was elected president, R. E. Watson vice president and S. N. Knight, Sr., secretary and treasurer.

The new president is one of those rare individuals that was born in the Everglades of Florida. He is 33 years old, one of the group of younger growers that is making a name for themselves. He is vice president and general manager of Flava Farms, a 1900-acre operation.

He attended school in Belle Glade before going to the University of Florida at Gainesville, where he graduated from the College of Agriculture.

Outside of his farm and cooperative circles, he served as president of the Palm Beach Cattlemen's Association and is now a director. He served as director of the Florida Cattlemen's Association, a director of Everglades Farm Bureau and Community Committeemen of the Agricultural Stabilization Committee.

Mr. and Mrs. M. H. Mulkey, Jr., of Perry, Georgia, were the Christmas guests of Mr. and Mrs. J. W. Vann of Pahokee. The Mulkeys were accompanied by their daughters, Twila and Selena.

Two ways your face can grow
in the next year!

Usually, our faces show what is happening to us. For instance, suppose the financial angle of the Christmas season is on your mind.

Suppose you know there's no cash to welcome Santa this year.

Your face will show it.

But suppose that you have enrolled in our Christmas Club, and have made your payments regularly. Each week saving a small sum and watching your savings grow.

Suppose, shortly before Christmas you receive a check for your savings during the year.

Naturally, your face will show that, too.

Make sure your face is smiling next Christmas. You can do so by joining our Christmas Club today.

Plan now for a Merry Christmas!
